Expenses are about \$10K under what was budgeted. They have hired another teacher—Leah Anderson. Leah also has music talent which will be a good addition to the school.

**Building Addition Direction:**

Architect and Major Improvements Committee have reviewed two options (S. side & N/E - side). The process is that the church in business meeting has the vote but it is sent to the other two campus schools for their consideration. After much discussion, a motion was made that we go with the N/W side option.

**Capital Campaign Committee:**

Role is to develop an approach and timeline to raising at least 50% of the needed funds for the building addition and updates. The proposed Capital Campaign Committee Members are Dick Stenbakken, Kent Kast, Jonathan Gibbs, Kim Mehlenbacher, Mackenzie Santana, Micheal Goetz, Ella Jean Albertsen, Lief Sorensen, and Muriel Indermuehle. This committee would work as a sub-committee reporting to the board. Significant decisions would be recommended to the board such as:

- How long to actively raise the initial funding?
- How to and what methods to use to raise the money?
- Any recommendations on adjusting how much to raise.

Capital campaign is made up of able and interested individuals with representation from the pastors, elders, major improvements committee, and finance committee. A motion was made that the proposed members be added to this committee after running the names for first and second readings.

Action: **Voted and Approved**

**How much authority do we give Major Improvements Committee?**

Plans are to make additions to the membership and consider how they should operate. Role is to lead the process and discussion on the physical aspects of the building addition and improvements. This is what has been decided:

1. A building addition not to exceed 12,000 square ft.
2. The side/direction of this building addition.
3. It will primarily include as many classrooms as possible (not less than 3), offices (4), storage, a meeting/conference room, and enhance the entrance or create a new entrance into the church.

A motion was made that we accept the following: Taking into consideration the above, the MIC will discuss and make decisions keeping the church board and in turn the church as a whole through weekly emails, posting drawings and other information on the bulletin boards, and reviews to the church in business when needed. The Proposed New Members to the Major Improvements Committee are Scott Singleton, Teresa Johansen, HMS (1) Rep, and CA (2) Reps.
