# WELCOME

Welcome: Reader's Digest in Canada (apparently there is a Canadian version of the loved little journal - you know those Canadians) in March included an article by Lauren Gelman about staying healthy and keeping life full of life. First on Gelman's list was, *giggle*. Wouldn't you know, besides being the best medicine, laughter increases the number of antibodies in the mucus in the respiratory passages (that protects against the entry point for germs). Singing was number two on the list, down at number 6 were mushrooms (much to many's dismay), even further down came rest, citrus and veggies. The one thing that Gelman left out, will be our reminder this week in our miracle story - Being with Jesus makes us healthier. Welcome to Campion
