

Join Eastern Gateway Community College, the Jefferson County Educational Service Center and the Jefferson County Chamber of Commerce as we recognize:

IN-DEMAND JOBS WEEK

Join Ohio in a statewide observance of in-demand jobs! In-Demand Jobs Week is a celebration of jobs, industries and skills that are in-demand right here in Ohio. Locally, you can get involved by attending an important event:

In-Demand Jobs Roundtable

When: Tuesday, May 7th - 8 to 10 a.m.

Where: Eastern Gateway Community College
Pugliese Center, Rooms 111/113

Join us as we gather business owners and managers along with representatives from local high schools, Eastern Gateway Community College, the Jefferson County Chamber of Commerce, Franciscan University of Steubenville and Ohio Means Jobs to discuss the challenges that local employers face in finding and keeping quality workers. This is our first step in connecting business and education through topical discussions of workforce skills and needs. Help develop and guide the shared roles of assisting and developing employee readiness in our area. We want to hear from you!

Please RSVP for this important (and free) event by calling the Chamber offices at 740.282.6226.
