

OUR PEOPLE TAKE PRIDE IN THEIR WORK

EMPLOYEES OF THE MONTH:

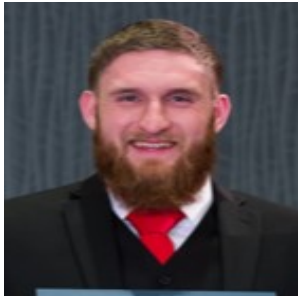

Huda Farooq

MARCH 2020

Senior AP Processor, Huda Farooq stepped up during Accounting Manager's maternity leave to ensure Accounts Payable deadlines were met. Her team describes her as "reliable, a rising star, true asset to the company and a valued member of the accounting team." Her willingness to take on additional tasks with a heavy workload is valued; including the key role she took in training new team members and interns. This past year, she processed approximately 7,200 invoices from our largest discount vendor which generated \$222k in quick pay discounts for the company.

Andrew Clark

APRIL 2020

Plumber Apprentice, Andrew Clark was recognized for his exceptional work on the Suburban Hospital Project installing Medical Gas Piping System. As a 2nd year Plumbing Apprentice, he has showed tremendous potential in his craft. His team recognized his great attendance and outstanding attitude. More importantly, they appreciated his willingness to learn more and go the extra mile.

Ray Parks

MAY 2020

VDC Manager, Ray Parks goes above and beyond modeling HVAC/ Plumbing systems by exploring constructability. At times, drawing something in CAD doesn't always work in real life. His knowledge of mechanical systems helps determine whether or not something can be built. Providing a high level of detail and asking great questions up front has helped mitigate risk. He is well versed in building code, which is often not thought of during the coordination process. This is a huge benefit to S&D and our clients as it reduces the potential for rework down the road. His peers are impressed with how personable and capable he is at quickly articulating details on each project, given his manage several projects.
