

401K PRUDENTIAL PLATFORM MIGRATION TO EMPOWER – UPDATE

Last month we communicated the formal migration of our Prudential Retirement Plan and participant assets over to Empower's record-keeping system.

This migration was successfully completed on Tuesday, October 24th. You should have received an email or written communication (dependent on your account preferences) from Empower to advise we are live on the new record-keeping platform and provide instructions on how to register to access your account.

If you did not receive this, you can still go ahead and register for new login credentials online or via the App. Go to:
