HIGH PRIESTESS OF HATE

TO THE EDITOR:

Eden Penn, an opinion writer, is hardly a credible source for anything considering her predictable, weekly, unhinged bash against Citizens for St. Croix Valley and incredibly hanging her hat on the Southern Poverty Law Center (SPLC).

SPLC is a radical, fringe, far-left group masquerading as mainstream just as radical left wing groups often try to do. SPLC, a heavily politicized organization, produces inaccurate and biased data on 'hate groups' – not hate crimes.

SPLC is NOT TOLERANT of anyone that doesn't agree with them 100% and its ever-growing list defames everyone; in 2010, it started citing as hate groups those Christian groups (Family Research Council) that oppose same-sex marriage or believe homosexuality is not inborn, or are otherwise critical of homosexuality, Dr. Ben Carson, a conservative, black, world-renowned pediatric neurosurgeon, Rand Paul, a libertarian, Maajid Nawaz, a moderate Muslim battling religious extremism, and Ayaan Hirsi Ali, a black feminist who protests against genital mutilation. According to SPLC, it is "extreme" to be *against* genital mutilation!

Southern 'Poverty' Law Center is a misnomer; it has boatloads of money! \$ 320 million and chucks 20% of it into offshore equities. Think Cayman Islands. It's akin to a personal trainer with a gut.

Worse, their love for calling people haters incites haters into action. The maniac who shot House Majority Whip, Stephen Scalise "likes" the SPLC on his Facebook page. The terrorist who attacked the Family Research Council in 2012, shooting a security guard, did so after SPLC labeled them a hate group.

The Southern Poverty Law Center and M/M Penn need to put themselves on its own hate list. SPLC isn't a good organization. It's a radical, dangerous, hate-filled group.

SPLC founder, Morris Dees, "king of the hate business" and Eden Penn, "the high priestess of hate."

YOU MUST BE A HATER IF...

- ...you believe in the Constitutional Republic form of government
- ...you believe that ALL men (and women) are created equal; that they are endowed by their Creator with certain unalienable Rights; that among these are Life, Liberty and the pursuit of Happiness.
- ...you believe in the 1st Amendment of freedom of speech, freedom of religion, freedom for "peaceful" assembly, and right to petition the Government for a redress of grievances
- ...you support the 2nd Amendment rights of the people to keep and bear Arms
- ...you want smaller government control and more The People control
- ...you love and respect the United States of America, the Bible and the American flag

- ...you believe the Bible is the inspired word of God
- ...you believe that our founding fathers formed the Constitution on Biblical Christian principles
- ...you are 100% pro-life
- ...you believe that marriage is between one man and one woman
- ...you believe the rule of law should apply to EVERYONE who enters the United States

In addition to calling names, The Southern Poverty Law Center (SPLC) prides itself in targeting mainstream Christian ministries and leading conservative organizations to destroy all who champion biblical values. Some of the 950 groups “named” by SPLC are American Family Association, Concerned Women of America, Coral Ridge Ministries, Family Research Council, Liberty Council, D. James Kennedy Ministries, and Act for America. By casually, or not so casually, labeling organizations as “hate groups,” the SPLC strives to shut down debate, stifle free speech, and most of all, raise a pile of money, very little of which is used on behalf of poor people. The CEO of the SPLC makes a whopping \$345,000.

Ben Carson, renowned neurosurgeon and philanthropist said it well...” When embracing traditional Christian values is equated with hatred, we approaching the stage where wrong is called right and right is called wrong.” It is important for us to once again advocate for TRUE tolerance. That means being respectful of those with whom we disagree and allowing people to live according to their values without harassment. It is nothing but projectionist when some groups label those who disagree with them as haters.”

Those labeling Citizens for the St. Croix Valley and pointing fingers at them for being “non-welcoming, are, indeed not inclusive in their acceptance of opposing views. The HIA and the Media need to take the credit for perpetrating the “Great Divide.”

The SPLC’s “Yellow Star of Hatred” Campaign

For those who don’t remember or choose to ignore history, the Brownshirts, according to Wikipedia, were: “...The ***Sturmabteilung (SA)***, literally Storm Detachment, functioned as the original paramilitary wing of the Nazi Party (NSDAP). It played a significant role in Adolf Hitler’s rise to power in the 1920s and 1930s. Its primary purposes were providing protection for Nazi rallies and assemblies, disrupting the meetings of opposing parties, fighting against the paramilitary units of the opposing parties, ... and, especially, Jews – for instance, during the Nazi boycott of Jewish businesses. ...” Read and learn about the Night of the Long Knives when Hitler executed his “own” Brownshirts, and continue your history education by reading about Kristallnacht.

According to a recent article in the *Hudson Star Observer*, “...the Southern Poverty Law Center says it added the group (Citizens for the St. Croix Valley) to its nationwide list (hate map) after receiving a local tip and investigated the group’s website and social media presence. ...” What

is it about the Constitutional Republic the tipster wanted classified as hate? Maybe the SPLC, a known hate group (www.splcexposed.com) is taking the place of the Third Reich. The Hudson Inclusion Alliance will not stop at demonizing the CFSCV. Anyone reading the *HSO* article would expect the HIA to sprout angelic wings, while the *Constitution* supporters are boogeymen. The HIA and media are using Alinsky's 7 Rules for Radicals: "Pick the target, freeze it, personalize it, and polarize it; Ridicule is man's most potent weapon; If you push a negative hard and deep enough it will break through into its counterside" (https://en.wikipedia.org/wiki/Rules_for_Radicals). Watch the Hudson Common Council videos to observe the "anything-but-love demeanor" of some of the HIA people.

The SPLC and people who align with them have an evil intent to pin a "Yellow Star of Hatred" on Constitution supporters and Christian groups that work to preserve and protect the Constitution, marriage between one man and one woman, the unborn, freedom of religion, freedom of assembly and other rights guaranteed in the *Constitution*. Who else is a target for their "Yellow Star of Hatred" campaign? Our own Wisconsin DOJ Attorney General Brad Schimel and organizations such as the Family Research Council and other Christian organizations. D. James Kennedy Ministries is suing the SPLC for defamation, and we hope to join them in a class action lawsuit.

If you think you are safe from the HIA group's anti-Constitutional attacks, history proves you wrong. Anni Cyrus said her grandmother and mother did nothing to stop the Islamic invasion of Iran because they didn't think it would ever "succeed." Do you live in the same denial? **The Constitution and Sharia Law/Islam cannot co-exist**. Your children and grandchildren will hold you accountable for not protecting and preserving our Constitutional Republic. How dead can a soul be to feel nothing after listening to Anni Cyrus's testimony of being a forced child bride, sex slave, torture victim and witness to the screams of her Kafir 11-year-old friend being sodomized, never to see her again? Watch the Anni Cyrus video on the CFSCV web site (www.citizensforthestcroixvalley.com). The UN's definition of human trafficking does not have an exception for Sharia/Islam. For two hours, we discussed the threats to our Constitutional Republic with the *HSO* reporters. Why was that discussion ignored?

Join us with Truth and Love to uphold the United States Constitutional Republic (www.citizensforthestcroixvalley.com). If you don't, who will?

In the article *Hudson-area 'Citizens for the St. Croix Valley' flagged as a hate group*, there was a sin of omission on the part of the reporters. The SPLC is itself a hate group (www.splcexposed.com). The SPLC's attempt to pin the "Yellow Star of Hatred" onto groups of people who support the *Constitution*, Christianity, marriage between one man and one woman, and the right to life is so Brownshirt-like, anyone who reprinted this article should be very wary of their propaganda intent. The D. James Kennedy Ministries are suing the SPLC for their promotion of hate labeling for valid reasons. Only the media and hate inciters give the SPLC any credibility. *Quid est veritas?*
