Seriously. Again. Team effort. I can't look at the cesspool stuff, and I appreciate all the people who take screenshots because I just can't keep up.

This is an uphill battle, but there is a lot of momentum.

One thing to do because the city council meeting is Monday is to write an email requesting Rich O'Connor denounce the Citizens of the St. Croix Valley. You can also make public comment. But it is probably going to get pretty ugly.
