WE CAN NOT IGNORE THIS SPRING ELECTION!

On April 3rd, ALL 19 of the County Board of Supervisors are up for election. The majority (15) of the current board are responsible for...

Budget: 34% increase since 2014

Taxes: 14% increase since 2014

Borrowing: \$65M since 2014

Highway Building: \$38M * NO referendum

Transit Commission: 90% Tax payer subsidy

Bike Trail Plan: \$33M (skinny plan)

a projected \$104M

PLUS... suggested "living wage" AND "sanctuary county".

This is ALL funded by "We, the working people."

Not too long ago, a St. Croix County employee told me that St. Croix County had the borrowing capacity of as much as \$450 Million because of its excellent credit rating. He further stated that we had a lot of room to borrow. Is that what our County Board of Supervisors is working toward?

VOTE for these "common sense", fiscally responsible individuals to represent you and STOP THE SPENDING!
