October 2, 2020

Greetings,

Across St. Clair County, this year has been full of uncertainty and heightened levels of need. During times like these, we are here, united and stronger than ever, for those who need us most. We are investing our resources into local health and human service programs that address the greatest community needs.

Programs we fund are the building blocks to a solid foundation for life. They empower individuals and families through education, health, and financial stability.

Each of us has the ability to make a difference in someone's life. When we band together, we can amplify that effect and make a significant impact on our entire community; creating lasting change for the common good. An enjoyable quality of life for all. That is our goal.

Through our
34 Partner Agencies
and 39 supported
programs,
United Way of
St. Clair County impacts
1 in 11 people in our
community.

Our work wouldn't be possible without support from our residents and local businesses. This year's goal is to help at least 15,000 residents through the 2020 Community Campaign. We know that many hands make light work, and it takes all of us, working together, to make this positive impact.

One of our growing FUNdraisers is our **St. Patrick's Day Raffle**. Our Special Events Committee has been ramping up excitement for the raffle over the past few years by securing new and unique prizes. We hope you will consider being a part of this year's raffle. In return for your generous donation, your company's name and gift will be recognized throughout our raffle's publicity; including social media, our website, printed fliers, our newsletter, and the tickets. Please contact Amy Lutz at marketing@uwstclair.org or 810.985.8169 ext. 110 by October 30th if you have any questions and to be a part of our prizes. Thank you for your time and consideration of our request!

LIVE UNITED

Sincerely,

United Way of St. Clair County

Special Events Committee

Mission Statement

To mobilize the community of St. Clair County to raise funds and/or resources to meet identified human service needs with the highest level of accountability and community involvement.
