

I have been a member of SCCA since 1975. During the course of my membership I have held many offices in the Florida Region, including Secretary, Publications Director and Assistant RE. I was editor of the Torque of the Town for many years when it was a printed publication, published monthly. I was awarded the Robert W. Clark Award in 1978.

I have worked as a treasurer/bookkeeper for several corporations during the course of my business career.

I am also National License holder in the specialties of Flagging & Communications and Timing & Scoring. I work these two specialties frequently at various tracks in Florida, the SE Division and sometimes other states and countries.

I formerly participated in Solo II events (autocross) and rallies and many social and business meetings.

Thank you for your consideration.

Margaret Mitchell
