

Hello, my name is Wade Kirschbaum. I am your current Treasurer of the Florida Region. I have been a member of the racing community for the last six years and a member of the SCCA for three years. My first official experience in car racing started in 2013 when I worked part-time for the ESM Patron Team as a crew member while I was in college. Ever since I was a kid I have been passionate about cars and airplanes, and fortunately, that has stayed with me as an adult. Two years ago, I was nominated and elected to the board of the Florida Region as treasurer and it has left a lasting impact on my life. During my current elected period on the board, I have stabilized the budget and have built and grown many business relationships that have helped the region succeed. What allowed me to accomplish this is my diverse background and education.

In high school I helped start and run a flight program, which is now one of the largest in the state of Vermont. Some of my responsibilities entailed management of the finances for day-to-day-operation, maintenance of all the aircraft for the school (10 total), and to conduct business with the students/clients. Following that I attended Embry Riddle Aero University in Daytona Beach, where I began working part-time for the ESM Patron team in the IMSA series. After graduation with my degree in aviation maintenance science, I accepted a position at a major defense department contractor. From then on, I manage multiple high level projects including their budgets and day-to-day finances.

In my spare time, I enjoy flying, driving and mentoring at the track. As treasurer, I have been able to observe the progress of and contribute to the growth of the Florida Region. I would be honored to continue to participate in an integral part of the region to expand our foothold and success. If you have any questions feel free to contact me at: (802)-923-6642. I am looking forward to serving another term for this great region.
