

My name is Patricia Ricker. I have been a member of FL Region SCCA since 1985. I originally joined in order to run Road Rallies.

In 1990 I started working timing and scoring as a taper. Working hard over the next several years I worked my way up to a National T&S license and became to Chief of T&S for FL Region.

I have received numerous Rally awards since 1970 through 1990. Bob and I received the National Award for the best Rally Cross program in the country in 2006. I received the Scott Lewis Award in 2017 for my commitment to the Club.

I have worked as an accounting assistant for over forty years, doing everything from opening the mail to making payments to the company's creditors. My specialty has been Accounts Payable from receipt of the invoices to payment. Also, I worked with our creditors to ensure we were paid timely. I often contacted creditors if payments were late or not received.

I have worked with many accounting programs such as Microsoft Office, ADP, Great Plains Dynamics, QuickBooks and Concur. I have found QuickBooks to be user friendly and easy to learn as long as you can tell an asset from a liability.

I have assisted past Treasurers for the Region in keeping our books up to date.
