

# MESSAGING GUIDANCE FOR BC'S TOURISM INDUSTRY

## COVID-19 RECOVERY PHASE

Week of November 20–December 7

DESTINATION  
BRITISH COLUMBIA®

This document includes suggested messaging for tourism industry and FAQs

### THIS IS FOR:

Destination BC, Regional and Community/City Destination Marketing Organisations, Sector Associations, and Tourism Businesses.

### COMMUNICATIONS FOCUS:

Support BC's Provincial Health Orders and Recommendations, and BC's Tourism Industry by:

- Encouraging BC residents to stay local (within their communities) and support local tourism businesses.

### SUGGESTED KEY MESSAGING:

Like you, we're passionate about exploring BC. But now is the time for us to stay local and support local businesses with just your immediate household or bubble. Let's each do our part now, so we can explore BC again, soon. We're all in this together.

For more information about the latest Provincial Health Orders, visit <https://www2.gov.bc.ca/gov/content/safety/emergency-preparedness-response-recovery/covid-19-provincial-support/restrictions>

### RECOMMENDED ACTIONS:

- Share this messaging with your teams, networks, and partners.
- Pause paid marketing promoting travel until December 7.
- Use the new [Stay Local, Support Local](#) social media graphics.
- Update any “Know Before You Go” content on your website to reflect the latest restrictions.
- Connect your audience with official sources—the most accurate, up-to-date info on current Provincial Health Orders and recommendations can be found on the Government of BC's website: <https://www2.gov.bc.ca/gov/content/safety/emergency-preparedness-response-recovery/covid-19-provincial-support/restrictions>

### CHANNELS:

Organic Social Media  
Consumer Website

### PRIMARY MARKETS:

British Columbia

# FAQ: PROVINCIAL HEALTH ORDERS AND RECOMMENDATIONS

## COVID-19 RECOVERY PHASE

Week of November 20–December 7

DESTINATION  
BRITISH COLUMBIA®

### 1. Which communities are included in the latest travel recommendations, announced by BC's Provincial Health Officer (PHO) on Nov 16 and reinforced on Nov 19?

- The latest health recommendations regarding travel apply to the entire province. All British Columbians are being asked to avoid non-essential travel until midnight on December 7.
- With rising COVID-19 cases throughout BC and across Canada, the PHO is urging all British Columbians to immediately press pause on non-essential travel. This includes a temporary pause on inter-provincial and travel throughout BC.
- All British Columbians are being asked to “stay local”, to remain in their own community.
- Measures will continue to be assessed between now and December 7.

### 2. Can BC residents go to indoor and outdoor tourism businesses/attractions, within their local community, with their household or bubble?

- While there are to be no social gatherings, people are not restricted from going to local businesses, within their own local community, with their immediate household members or smaller bubble of 1–2 people.
- Businesses can welcome local customers (members of the same household or smaller bubbles of 1–2 people only), from their own community, as long as they have a current COVID-19 safety plan in place.
- All businesses are encouraged to constantly review their COVID-19 safety plans. To learn more about WorkSafe BC's COVID-19 safety plans, check here: <https://www.worksafebc.com/en/resources/health-safety/checklist/covid-19-safety-plan?lang=en>
- For businesses with a listing on HelloBC.com, please update your information to add your safety plan to your listing. You can log on to the portal, here: <https://destinationbc.force.com/s/>

### 3. What should tourism partners do to support community-based indoor/outdoor tourism attractions and outdoor activities?

- Tourism businesses can continue to welcome local customers (household members and bubbles of 1–2), from their own community, as long as their approved COVID-19 safety plan is in place and posted publicly.
- Tourism partners can use this messaging guidance to help businesses, available here: <https://www.destinationbc.ca/covid-19/destination-bc-response/messaging-toolkit/>

### 4. What should we tell visitors from across Canada?

- Travel to BC is limited to essential travel only for the time-being.
- People should only travel in and out of BC if absolutely necessary. Essential travel includes regular travel for work, or travel for things like medical appointments. Travel for social or recreational reasons should be curtailed until at least December 7.
- BC's Provincial Health Officer has requested that people delay or postpone their trips, such as visiting friends and family, until the risk of spreading COVID-19 is reduced in BC. Those who live outside of BC should not visit unless it is urgently required. If they must visit, they must abide with all current health orders and recommendations.

### 5. How should tourism industry partners alter their marketing efforts?

- Promoting travel around BC, at this time, would be in conflict with the PHO recommendations and is not advised.
- Tourism partners should focus on local residents only, encouraging British Columbians to support local businesses or explore their own community, safely.
- Messaging promoting travel in the future, beyond December 7 should be worded carefully to ensure there is no confusion for the public.

- The PHO understands that many hotels, resorts and winter communities are counting on British Columbians travelling within their own province this winter. And they still hope this will be possible. But we all need to follow the direction of the PHO, to allow our businesses, schools and the economy to remain open.

- The Province needs to get the transmission rate under control, immediately, and this will take a commitment from all of us, including limiting travel right now.

### 6. Should businesses refuse bookings/cancel bookings from residents outside of their local community until after December 7?

- Each individual business must work to ensure they are following the Provincial Health Orders/Recommendations and WorkSafeBC guidelines for safe operations.
- If a business has a concern that individuals are not adhering to the orders, they can contact Public Health Inspectors, Bylaw Officers and the Police.
- The PHO expects all businesses to do what they can to help stop the spread of COVID-19.
- Dr. Henry has asked people to reconsider their vacation plans at this time. Health orders and recommendations will be constantly reviewed between now and December 7.
