

**ORANGE MADE** exists to CHALLENGE and INSPIRE the architecture of the Rio Grande Valley. We are seeking a design-oriented and technically robust INTERIOR ARCHITECT.

For this role, we are seeking a self-starting, enthusiastic individual with the desire to be in a creative and collaborative office creating great work. Ideal team member must thrive in a self-directed environment, have sound judgement, and an overactive attention to detail. In this role they will simultaneously manage multiple projects, of various scales, so the ability to stay organized and manage time efficiently is crucial.

As the Interior Architect/Designer you will develop interior design solutions, coordinate with project teams, select materials and finishes, and prepare documentation. You will also support project management and ensure design quality aligns with ORANGE MADE's high standards. Acting as a leader on interiors across all of our projects, you are responsible for verifying that the design intent and project are realized in a feasible, high-quality, constructible end-result.

#### **What Makes You a Fit?**

- Creative Problem-Solving: You find smart solutions within the project budget + schedule.
- Attention to Detail: Your work is precise, meeting technical and design standards.
- Project Management: You manage tasks efficiently, ensuring projects stay on track.
- Client Relations: You build trust and communicate effectively with clients.
- Teamwork & Adaptability: You collaborate seamlessly and thrive in dynamic environments.
- Design Vision: Your work is bold, inspiring, and transformative.

Salary + Benefits will be commensurate with experience and qualifications.

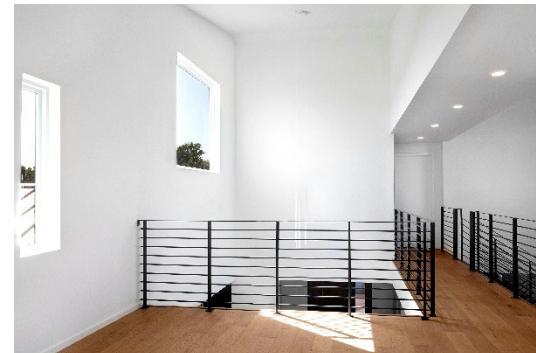

---

#### **Why Join ORANGE MADE?**

Be part of a creative, forward-thinking team.  
Work on innovative and meaningful projects.  
Grow your career with mentorship and professional development.
