

Michigan Statewide Education Network (MISEN)

The Michigan Statewide Education Network was created with the vision to connect all of Michigan's ISDs, LEAs, and PSAs with the networking capacity needed to ensure teachers and students never have bandwidth getting in the way of achieving their classroom goals.

EduPaths

EduPaths is a professional development portal for ALL Michigan educators. EduPaths courses are aligned with school improvement framework, multi-tiered systems of support, and designed to expand understanding on a wide variety of topics. Courses are available online and are completely self-paced. They are intended to help educators personalize their own learning plan - anytime and anyplace.

Michigan Data Hub (MiDataHub)

The Michigan Data Hub strives to make data more affordable and easily accessible for educators statewide. It is a collaborative, statewide effort to address the challenges in managing and using school data. MiDataHub powers MiREAD, MiStrategyBank and MiCIP.

Visit: midatahub.org

MiSuite

MiSuite is a financial, human resources, and payroll software suite made by Michigan schools for Michigan schools. MiSuite provides Michigan public schools of all sizes with a trusted information system solution.

Visit: misuite.org

MiREAD

As Michigan's Early Literacy portal, MiREAD allows educators to easily identify students who may need literacy support, quickly create Individualized Reading Improvement Plans (IRIP), meet requirements of Michigan's 3rd grade reading law, provide access to prior IRIPs when students change districts, and it promotes best practices around the Literacy Essentials. MiREAD is currently in the pilot phase.

Virtual Reality Training Initiative (VIRTI)

Michigan's ISDs, together with MAISA and Great Lakes Reality Labs are bringing virtual reality experiences to students and educators across Michigan through the Virtual Reality Training Initiative.

MiCloud

Many collaborative technology initiatives exist and continue to grow across all of Michigan; Most require some level of connectivity, hosting, and data center operations. Working together, MiCloud will create a roadmap for the future of collaborating educational initiatives across Michigan.

Michigan Integrated Continuous Improvement Process (MICIP)

MAISA and the Michigan Department of Education are working together to provide districts with a streamlined and integrated process that will bring together pre-populated data into one location to ease the needs assessment process while focusing on the whole child and reducing reporting redundancy.

General Education Leadership Network (GELN)

GELN is a collaborative of ISD Curriculum Directors that works together as a proactive, key decision-making group to develop collaborative efficiencies on projects, issues, and policy regarding student learning. GELN's three major focuses are collaboration, proactivity, and influence.

Early Literacy Professional Learning Grant (ELPL)

The ELPL grant was designed to work with literacy coaches across Michigan at the ISD/LEA/RESA level to learn essential practices to get Michigan students reading at a more proficient level. The grant is a collaborative effort between the Michigan Department of Education, MAISA, Gogebic Ontonagon Intermediate School District, and Michigan Virtual.

Early Childhood Administrators Network (ECAN)

ECAN is a collaborative of Early Childhood Directors from ISDs that have created an organizational and networking structure to support the delivery of early childhood programs and services that align with the goals of the MAISA Early Childhood Committee.

Michigan Education Technology Leaders (METL)

METL is a collaborative primarily of ISD senior technology leaders from across the state. METL works to organize and align collective efforts that ISDs have in common and to streamline larger, transformative, statewide and systemic issues.

Partnership Coordinating Committee (PCC)

PCC is a partnership between the Michigan Department of Education (MDE) and MAISA. This committee is designed to implement a system of regular and comprehensive planning for joint partnership activities between the two organizations. The overarching goal is to institutionalize and sustain this partnership to help Michigan become a Top 10 Education State in 10 years.

MAISA is Michigan's leading clearinghouse and catalyst for regional educational leadership, collaboration, and system change for regional education service agencies (RESAs) and intermediate school districts (ISDs). MAISA provides, collaborative structures, project management, and collective, customized support for the work of its members.
