MaineHealth

Epic System-wide Training Sessions for Providers – August

We continue to provide training opportunities to help support our physicians and our health system focused goal of Epic optimization. We hold regularly scheduled Epic training sessions across MaineHealth for you to participate in. Have Epic questions, or just want to improve your skills? Join us for our August training sessions.

Not all member organizations are offering sessions in August. If you have questions about upcoming training at your organization, please contact your member contact listed below.
