Alliance of Coalitions ACHC for Healthy Communities

2017 Annual Report

Legacy of Hope

By collaborating and integrating our prevention, support and recovery efforts, we have been able to truly grow and positively impact Oakland County. A highlight for the year was our Legacy Gala held in November where we honored leaders in prevention who all strive to decrease substance use and increase healthy behaviors for all. With a new vision for the organization to be a nationally recognized best practice leader in connecting prevention initiatives through collaboration by creating and sustaining healthy communities, we are striving for a long term and impactful legacy. So as we close on 2017, we reflect on the work we have been able to accomplish through our dedicated supporters, volunteers, coalitions, families and those we have served through our many programs and initiatives. Thank you!
