SACRAMENTO, Calif. – If you were impacted by the on-going wildfires in Lake, Monterey, Napa, San Mateo, Santa Cruz, Solano, Sonoma, and Yolo counties, you may be eligible for assistance from the Federal Emergency Management Agency (FEMA).

Grants may help eligible survivors with financial assistance that include rent, home repair, home replacement and other disaster-related needs such as childcare, medical and dental expenses.

Before you apply, contact your insurance company and file a claim for the disaster-caused damage. Take photographs or video of the damage and keep all receipts related to home repair.

If you have uninsured or underinsured losses, contact FEMA online at disasterassistance.gov, download the FEMA app and register on your smartphone or tablet, or call 800-621-3362 (TTY 800-462-7585).

INSPECTIONS

During COVID-19, inspections will be conducted by phone. Remote inspections are comparable to traditional, in-person inspections and can expedite recovery assistance, based on eligibility. For security purposes, the inspector will verify your identity by asking a series of qualifying questions and then provide you with the first four digits of your application to complete the verification.

If you reported that you cannot safely live in your home, a FEMA inspector will contact you by phone and ask about the type and extent of damage sustained. Survivors with minimal damage who can live in their homes will not automatically be scheduled for a home inspection when applying to FEMA, but they still may request an inspection.

Remote inspections have no impact on the types of Other Needs Assistance available that do not require an inspection, including grants for childcare, transportation, medical, dental, funeral expenses, moving and storage assistance.
