Why is Planned Parenthood the focus of 40 Days for Life Twin Cities ?

Planned Parenthood is the leading **abortion provider in Minnesota, last year committing 5,048** abortions. (MN Dept. of Health Induced Abortion Report 2016)

During the summer of 2015, the Center for Medical Progress released a series of undercover videos revealing Planned Parenthood's **role in the harvesting and trafficking of the baby body parts** that they obtain from their abortions. They are currently under investigation by the House Select Investigative Panel on Infant Lives.
