

Hunterdon County Library Offers Late Summer Fun For Residents

The Hunterdon County Library summer season offers residents educational fun, concerts, reading challenges and virtual events for patrons of all ages, allowing school-age children opportunities to continue learning throughout the summer break, and a way to beat the summer heat Hunterdon County.

Events at the library include a multi-state reading challenge, crafting events, Date Night/Game Night events, Nature Backpacks children can check out with adventure kits on different topics, and a retirement workshop for seniors.

Library Director James Keehbler said, "The programs and activities are designed to be fun and a break from the traditional summer activities. The summer reading challenge has returned from last year where Clinton, NY challenged Clinton, NJ and asked residents to log reading hours in a friendly competition.

This year, Clinton, PA has been added to the competition and we encourage patrons to participate and help Clinton, NJ to win the challenge."

A Fall Vegetable Gardening course from a local horticulturist, and a *Laser Engrave a Pencil!* program are two additional options available. Both require registration which is available on the county's Library website, [click here](#).

As the Hunterdon County Library Headquarters turns 50, residents are being asked to provide photos and memorabilia. Some examples of memorabilia include old library cards, bookmarks from the 1970's that were handed out to patrons, event flyers or patrons can write out a fond library memory. A digital copy will be made of anything shared with the library.

Call Marianne at 908-788-1434 with questions or to arrange for scanning of your library memorabilia.

To learn about all of the available programs and events at the library, visit the Hunterdon County Library website, [here](#).
