

# County seeks volunteer actors for emergency preparedness exercise

**CLINTON** - The Hunterdon County Health Department and the Northern Point of Distribution (POD) Task Force are looking for volunteer actors for an emergency preparedness exercise to be held from 9 to 11:30 a.m. on Saturday, May 18, at the Spruce Run Recreation Area at 68 Van Syckles Road.

Volunteer actors are needed to simulate residents of Hunterdon County picking up medication during a public health emergency. Actors will be requested to drive through the parking lot multiple times from 9 a.m. to 11:30 a.m. as many times as possible for the entire length of time. Actors are needed to simulate that every resident in the county is there to pick up medication.
