

## NEW GUIDELINES DUE TO COVID-19 FOR THE COLLECTION OF HOUSEHOLD HAZARDOUS WASTE

1. Please limit one person per household entering the HHW program location.
2. Face Coverings are required for the driver.
3. Please place items in the rear of the vehicle.
4. There will be no pour offs of containers. The way the waste is packaged is the way the waste will be unloaded. This limits the amount of time an unloader can be subjected to the driver. If gas cans are brought in the can will not be given back empty to the driver.

### WE WILL ACCEPT WITH NO QUANTITY LIMIT:

Used Motor Oil	Automotive Batteries	Anti-Freeze	Fire Extinguishers
----------------	----------------------	-------------	--------------------

### WE WILL ACCEPT UP TO 10 GALLONS OR 80 POUNDS OF THE FOLLOWING:

**NOTE:** Amounts in excess of 10 gallons or 80 pounds will incur a cost of \$2.00 Per Pound.

<ul style="list-style-type: none"> <li>• Latex Paint *</li> <li>• Varnish/Stains</li> <li>• Herbicides</li> <li>• Gas/Oil Mix</li> <li>• Mercury/Thermostats</li> <li>• Oil Based Paint *</li> <li>• Insecticides</li> </ul>	<ul style="list-style-type: none"> <li>• Pool Chemicals</li> <li>• Photographic Chemicals</li> <li>• Fuel/Oil Sludge</li> <li>• Paint Thinner</li> <li>• Pesticides</li> <li>• Aerosol Cans</li> <li>• Battery Acid</li> </ul>	
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--

\* Consolidate latex paints and oil based paints, keeping them type separated, to make full cans

\*\* Dampen and Double Wrap in Plastic

**NOTE:** Empty dry paint containers with the lids off can be disposed of with regular garbage.

### WE WILL NOT ACCEPT ANY OF THE FOLLOWING:

<ul style="list-style-type: none"> <li>• Solid Waste</li> <li>• Empty Containers *</li> <li>• Radioactive Materials</li> </ul>	<ul style="list-style-type: none"> <li>• Explosives</li> <li>• Pentachlorophenol</li> <li>• Computers and Monitors</li> </ul>	<ul style="list-style-type: none"> <li>• Propane or any Compressed Gas Tanks</li> <li>• PCB's</li> <li>• Silvex</li> </ul>
--------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------

- **UNKNOWN, UNMARKED OR UNIDENTIFIED MATERIALS**

\* Empty dry containers with the lids off can be disposed of with regular garbage.

**PLEASE NOTE: Alkaline batteries now fall below Federal and State hazardous waste standards and can be disposed of in the regular trash.**
