CARDBOARD BOAT RACE RULES

RULES FOR ALL TEAMS

1. Teams consist of 4 people. Two crew members will start at one end of the lap pool and race to the other, where the remaining two teammates will be waiting. The two teammates in the boat will switch with the two teammates waiting on the pool deck upon reaching the other side of the pool.
 2. The boat will then be raced back to the original starting point for the end of the race.
 3. The race must begin and end with the two-person crew intact. Using lane lines or sides of the pool for pushing or pulling your boat will result in disqualification.
 4. All participants' arms and legs must be in the boat except when paddling. Body parts may not be used to propel the boats. Pool noodles can be used as oars/paddles. A maximum of two pool noodles can be used as oars/paddles.
