33RD ANNUAL GALA

Bob and Ruby Dunek – Partner in Hope Award

Bob and Ruby Dunek have spent a lifetime in service to their community. Bob's career spanned 42 years in public service. During the most recent 21 years, he has served as the City Manager of Lake Forest. In that timeframe, the city doubled in size and Bob remained committed to create a more inclusive and responsive community. For Bob, that has meant working with Families Forward to identify opportunities in the city to

create a safety-net for families and to identify more affordable places for families to live. His team was instrumental in establishing the first units of affordable housing managed by Families Forward in Lake Forest. Bob also served many years as a founding member of the "Orange County Commission to End Homelessness".

Ruby's 30 year career was spent in the pharmaceutical industry, spending 18 years with Allergan which was headquartered in Irvine. She represented Allergan on several Irvine non-profit advisory boards and currently serves on the program committee for Families Forward. Her 17 year involvement with Families Forward started with their daughter Becky and National Charity League. They enjoyed creating warm, inviting spaces to welcome struggling families with a wonderful place to call home. These families are at one of the lowest points in their lives and Ruby continues to work to make each house a special home that inspires hope and optimism. With her creativity and hours of volunteering, Ruby has managed hundreds of furniture and household donations, organizing them in the warehouse, preparing and sending them to the right place at the right time to welcome the new families.

Bob and Ruby share a passion to create a better place for all families through their hard work and determination.

33RD ANNUAL GALA

Diana Wong and The Capital Group Companies – Spirit of Community Award

**CAPITAL
GROUPSM**

Capital Group is one of the most generous and community-minded companies in Orange County. With a long history of charitable giving that is driven by the associates' interests and involvement, they provide support to over 2,000 nonprofits. For more than a decade, the associates at Capital Group have chosen to support Families Forward and our mission to help homeless families in all possible ways. Their grant committee has provided program and capital grants, their associates are heavily engaged in both individual and large group volunteering, and individual associates have selected our cause over many years using the company's generous 2 to 1 matching and anniversary donations.

Diana Wong, SVP Human Resources, has amplified this support with her executive leadership on our Board of Directors and by personally raising awareness and support for the homeless crisis for families in Orange County. She championed a significant grant from Capital Group's national awards for a 3-year gift to "Adopt a Home", she spearheaded a "Community Action Day" to upgrade the Families Forward Program Center to serve families better and she has shared invaluable expertise and tools in employee development to help our growing, dynamic organization thrive. Above and beyond these amazing gifts from her professional role, she has also embraced our mission in her personal network. She has seen firsthand how the programs and services at Families Forward give each family a chance to work hard and successfully turn their own lives around.
