# **DISABILITY RIGHTS ADVOCACY DAY**

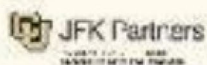

Individuals with disabilities have the knowledge, experience, and ideas to inform much-needed policy changes, and the drive to do whatever it takes to make those changes happen. This event aims to provide the visibility people with disabilities are often not given and strengthen the advocacy happening around the state to include policy changes at all government levels.

Disability Law Colorado is honored to spearhead Colorado's first-annual **Disability Rights Advocacy Day** in partnership with The Arc of Colorado, Center for People with Disabilities, Association for Colorado Centers for Independent Living, Alliance, JFK Partners, Speaking for Ourselves, Rocky Mountain Orthotic & Prosthetic Coalition, and Connections. Please join us to ensure your voice is heard!
