

SELF- EXPRESSION

Drama Kids Classes

Starting Sept 20th at BFCCPS

What is Drama Kids?

Drama Kids has been helping students across the US to gain confidence and communication skills since 1999 and we are thrilled to be returning to BFCCPS this year. We at Drama Kids International believe that children should be taught skills and given opportunities to creatively express themselves. We believe that developing these skills will have a life long impact on our students and society. Our curriculum is unique, in that it focuses on the individual child and their personal growth rather than be just the "theater production" Here at Drama Kids, we know that "Drama Develops Kids". We are committed to making sure your student receives an excellent experience in developing their speaking skills, confidence and acting abilities through the exciting experience of our fast paced program. Our first 14 weeks + 4 in the second session will be spent learning important skills through actor's workshop style classes, and our final 12 weeks will be spent rehearsing for our spring play that we will perform for families in JUNE, at Dean College.

We thrive on giving children the best gift ever: The gift of CONFIDENCE!

Free Trial Class 9/20
Session Begins 9/27

Registration is open NOW!

You must register your child on our website for the Free Trial & the regular session.
