Call for Presentations

June 14th-16th, 2019 - Shendi Center

The SATE conference chairs are keen to ensure any interested parties have an opportunity to participate, so we encourage you to submit your ideas for your presentation to us. At SATE the TEA presents the most up to date ideas, developments, and trends surrounding our industry through informative thought provoking discussions. If not you, you may know someone whom you think should be speaking at SATE Asia 2019, they can even be from an allied trade or industry. So, let your voice (or theirs) be heard; reach out to us and let's start the conversation.

What we need from you:

- ▶ Your idea for your presentation. The title and no more than 100 words describing the presentation to us and telling us how/why this is important for the Themed Entertainment Industry.
- ▶ Tell us how it ties in with our theme of 'Moving People'
- ▶ Tell us where and when you've spoken in public before, or tell us when and where we can see/hear you speak in public.
- ▶ Tell us what means you are using for your presentation. For instance are you talking to slides, are you giving a practical demonstration, are you using any means other than Q&A for a focus on audience participation.

We are keen to make this the most engaging and interactive SATE to date and we actively encourage you to use non traditional means where practicable to get your message across.

What you get from us:

- ▶ We will help you shape your presentation if you'd like the input.
- ▶ We will provide honest feedback on your idea and if relevant, help you develop it further.

If you are uncertain, do reach out to us and we will support you where and if we can. This call for outline presentations will close on 3rd May 2019 and candidates will be notified by 17th May 2019 if they have been successful. So reach out and shout! The TEA is as good as its members and we know you are the best.
