

BIKES, BLADES & BOARDS 2017

Application

The Bikes, Blades & Boards Education Program (now beginning its 18th year of operation) is once again being made available to the City of Hamilton, Niagara and Haldimand-Norfolk School Boards between April 1 and June 30, 2017. The Hamilton Brain Injury Association, The Hamilton Health Sciences' Acquired Brain Injury Program, and Brain Injury Services of Hamilton have partnered with other community agencies and developed this program. It is a 60-minute multimedia presentation targeting grade 2 students and available at NO COST. The curriculum includes:

- *Interactive discussion regarding parts of the brain, their function, and difficulties when damaged.*
- *Demonstrations regarding safe helmet use.*
- *A short video on bicycle safety, helmet features, and proper use.*
- *A thorough helmet inspection, adjustment and education session.*
- *Stickers, pamphlets and various other colorful and informative handouts.*
- *A take home individualized "report card" providing information to parents on their children's helmet wearing habits.*

If you are interested in involving your students, please complete the questions on the reverse side of this page and return by fax or email to the Hamilton Brain Injury Association. Once your completed application is received, you will be contacted by program coordinators to book a presentation day for your students.

Every year we do our best to try and have volunteers available to present at all schools that apply. Please keep in mind that we do present to schools on a first come first served basis of application.

Deadline for Applications: 28 April 2017

Fax #: (905) 390 - 3649

Email info@hbia.ca
