

# Imagine School at North Port

*“Excellence through Integrity”*

August 9, 2023

Dear Parents and Guardians,

At Imagine Schools we evaluate the academic achievement of our students on a regular basis. This is part of the Six Measures of Excellence of the Imagine Philosophy. We assess each student in the fall and spring to determine how much each student has advanced over the course of the school year. Our goal is for our students to achieve learning gains of at least one grade level each year, striving for more significant gains for students who are working below grade level. In addition to fall and spring, our students also take progress monitoring assessments throughout the year to provide teachers valuable information regarding each student's strengths and weaknesses. This information directly impacts instruction allowing teachers to provide the best possible education to your child.

Starting on Wednesday, August 16, 2023 - September 1, 2023 your child will be scheduled to take the Renaissance STAR Computer Adaptive Test. Each class will be assigned two assessment days to take the Mathematics and Reading tests. Each assessment will take approximately 30-45 minutes to complete.

Please encourage your child to do his or her very best on this assessment. Teachers use this valuable information to provide suitable lessons for each student.

If you have any questions or concerns, please don't hesitate to contact me at [char.tollar@imagineorthport.com](mailto:char.tollar@imagineorthport.com) or by calling 941-426-2050, extension 707.

Sincerely,

Char Tollar

Testing Coordinator

**1000 Innovation Ave. or 2757 Sycamore St.      North Port, FL 34289      (941) 426-2050**

*The Mission of Imagine School at North Port is to educate all students in a safe, supportive, individualized and challenging environment where they can learn to be contributing citizens of our community.*
