

Sunny 98.1 presents the Ashford University Book Club October 2018 Books!

Attention students, parents and teachers grades K-5:

Join in the reading fun by participating in the Ashford University Book Club presented by Sunny 98.1!

Throughout the school year, Sunny 98.1 and Ashford University will highlight a new, age appropriate book each month for students grades K-5 to read. The book recommendations are provided by the San Diego Council on Literacy in partnership with Words Alive and will be announced on air on Sunny 98.1 and listed online on sunny981sd.radio.com

As an incentive, Sunny 98.1 and Ashford University will select one lucky classroom to win a reading party, hosted by Sunny 98.1 on air personality AJ, from the AJ Mornings! To enter, simply go online to sunny981sd.radio.com and enter key words "Ashford Book Club," and tell us what book club book you or your classroom read and why you liked it. We will be accepting entries from individual students and parents, as well as teachers. At the end of each month, we will select our winner. At the reading party, AJ will read an excerpt from the book to the class, and will provide lunch for the classroom. The winning class will also receive \$100 gift card for their classroom. Classrooms will be notified by a representative of Sunny 98.1 if they have won the party.

The Ashford University Book Club winner for this month will be drawn on November 1st.

What are you waiting for?! Join the Ashford University Book Club and start reading today!
