

# BE WiSE

BE WiSE (Better Education for Women in Science and Engineering) is a **4 year program** that engages young women, in grades 7 – 12, in science, technology, engineering and math (STEM) by:

- Stimulating young women's interest in STEM through *interactions with STEM role models*
- Increasing awareness of a wide variety of STEM fields such as forensics, chemical biology, engineering, and more!
- Developing a community of young women engaged in science learning through out-of-school activities
- Sustaining interest and involvement through alumnae and ongoing participation for women in science

***APPLICATIONS GO LIVE JANUARY 6, 2020- FEBRUARY 7, 2020!***

***Being a part of BE WiSE means:***

- ❖ Participating in an overnight at an exciting science institution (such as an aquarium or zoo),
- ❖ The opportunity to participate in over **30 workshops a year** at some of San Diego's most premier science research and industry locations
- ❖ Meeting likeminded peers and developing relationships with other girls, making connections that can last a lifetime!
- ❖ Engaging with women scientist role models, learning more about them and their trajectory in science
