Scholarships

A scholarship is an award of financial aid for a student to further their education. Scholarships are awarded based upon various criteria, which usually reflect the values and purposes of the donor or founder of the award. Scholarship money is not required to be repaid. Unfortunately, many of our students do not apply for scholarships in a timely manner, do not understand a scholarship cycle, do not complete scholarship applications or do not have support to apply for a scholarship.

We want to change that!
