

Fall 2017 COH All-College and Statewide Health Campuses Meeting

Leading Toward a Healthier Tomorrow

The COH All-College and Statewide Health Campuses Meeting will be held on Thursday, August 17, 2017, from 8:30 am - 3:30 pm at the Cuddy Hall. It will take all of us to successfully navigate the next several years to fulfill our vision of "Leading Toward a Healthier Tomorrow," and we would like you to *Share the Vision ~~ Support the Mission*. This All-College and Statewide Health Campuses meeting is a major milestone in this effort, and we really need you as an active member of our team.

Health care continues to be perhaps the only growth industry in Alaska, and many of our customers are willing partners both programmatically and financially in helping us to meet this growing workforce demand. Our research capacity is demonstrating how we can help the state meet its fiscal challenges by developing information needed for sound policy decisions. Most importantly, we have a strong team of dedicated people across the state who are ready to step up and maximize these opportunities.

There has been a great deal of interest expressed with regard to the details of the meeting, and at this time we would like to share the draft agenda. Mark your calendars now. See you in August!!!

All College of Health and Statewide Health Campuses Back to School Meeting August 17, 2017
