**Parents Please Join Us**  
**Tuesday, October 16, 2018**  
**6:00-7:30 p.m.**

**15002 N 32<sup>nd</sup> St. Phoenix, AZ 85032**  
**District Administrative Center - Governing Board Room**

## **Topics in Gifted Intelligence: A Psychological Perspective**

Dr. Beljan will present several concepts common to gifted intelligence including:

- Common traits of gifted children
- What to do once your child has been identified as gifted
- Asynchronous development and its possible origins
- Important diagnostic concepts in gifted intelligence

In addition to basic concepts in understanding gifted and talented youth, the audience will be presented with a hypothesis to explain what may be different in a gifted child's brain that results in asynchronous development and various exceptionalities.

**About the Speaker:** Dr. Paul Beljan is a pediatric neuropsychologist in private practice in Scottsdale, Arizona. Beljan Psychological Services draws patients from around the United States and internationally. Dr. Beljan is an expert in evaluating and understanding gifted children and their common misdiagnoses.

**Meeting location:** District Administrative Center – Governing Board Room 15002 N. 32<sup>nd</sup> Street Phoenix, Arizona 85032.
