The Paradise Valley Unified School district is pleased to announce the opening of a new Middle School gifted education program called Journey. The Journey begins this August at Mountain Trail Middle School. Join the Journey teaching team to explore the program's differentiated design, how to apply, and the unique features that Journey will offer your gifted middle schooler.

Journey students will work in cohorts; learning together in literature, science, and social studies content blocks. Student learning will take place in small groups or individually based on each student's personalized learning targets, strengths, and interests. The Journey team will facilitate a blended learning environment by developing units of study, orchestrating a variety of learning modalities, and coach students to reach their academic potential in this personalized program.

**Journey --- Starting August 2020.**
