# THINK LIKE A MAGICIAN

## Kostya Kimlat: The Business Magician

**In his signature keynote speech, Kostya shows you that magic is not about deception, but about perception.**

You'll learn secrets that master magicians have been using for centuries to connect with their audiences and influence how they see, think and act. Kostya will show you practical ways to apply these powerful principles to transform the role that perception plays in your life and business.

This 60-minute signature keynote also includes up to two hours of interactive magic entertainment at a pre-session event, as well as up to one hour of a meet-and-greet at a post-session event.
