ASK ABOUT OUR **TRUCKLOAD SPECIAL!**

REPLACEMENT COMPONENTS AVAILABLE!

The Lindsay ABSORB-M system is the contractor's choice for a work zone-ready MASH crash cushion. Interchangeable, nesting elements reduce costs and a universal transition simplifies installation.

- Anchorless foundation
- Rapid deployment and retrieval
- MASH Compliant
- Universal transition
- One interchangeable element for both T-2 & TL-3 versions
- Forklift pockets for lifting while full
- Narrow footprint
- Deploy on almost any road surface
- Shortest non-redirective crash cushion available (21')
- Use on anchored and unanchored barriers
