BELFAST

Curiosity, Creativity, Community

Dear Senior College teachers - current, former and aspiring!

We are looking for a couple more summer class proposals to round out our offerings, and we invite you to submit a proposal if you're interested!

Summer classes are in July and August. Typically, summer courses are shorter (no more than 4 weeks; 1 or 2 session classes are great for accommodating everyone's busy summer schedules).

Last summer's popular classes included tai chi, a 'historical/musical love story', storytelling through fabric, yoga, a film series, and a class on pollinators.

The proposal deadline is May 1st. We invite you to [submit your proposal online here](#). Please get in touch if you have specific questions: curriculum_chair@belfastseniorcollege.org.

Thank you,

Misty Mallar, Program Assistant, & Curriculum Committee
