BROKER... SANDY KNOWLTON CELEBRATES 16 YEARS

### **Realtor Celebrates Sweet Sixteen**

Sandy Knowlton celebrates 16 years of service with Camden Hills Realty. Over those years, Sandy has climbed the real estate career ladder from an entry-level sales agent to fully certified and seasoned broker. She has successfully navigated numerous challenging business cycles from the 2008 real estate bust through the boom of 2021, never missing a heartbeat. Knowlton noted, "real estate is a wonderful career choice. I was able to raise my family around a busy but flexible schedule while doing a job I thoroughly enjoy. It also provided an independence as a solo-entrepreneur where I could put my individual talents to work." Along with her professional commitment comes hours of continuing education and participation in numerous organizations such as the Maine Realtors Association, National Association and the Belfast Area Chamber of Commerce. Sandy's real estate experience is broad-based which comes from managing a diverse portfolio of residential and commercial transactions all to the benefit of her clients. "Sandy is a spark plug--- an honest player--- a hard worker. Her commitment to her clients is admirable. It's been a fast sixteen years for sure," commented John Burgess, the agency's broker/owner. Camden Hills Realty is a full service agency representing both buyers and sellers along the coast and countryside known as Camden Hills...
