Makers Guild of Maine Community Days

At Searsport Shores Ocean Campground and Art Space

Music, Shopping, and Making on the Bay

The Makers Guild of Maine is a 501c3 that raises awareness of hand-making, music-making, and cooking skills, and makes them as widely available as possible within our community. We organize events that showcase hand-crafts, traditional music and local food in an outdoor setting and raise funds for community music and teaching initiatives. Find out more about us [here \(https://makersguildmaine.org/\)](https://makersguildmaine.org/)....or even better, come to one of our free Community Open Days.

Two of our big events this year are [Fiber College](#) and a combined [Gee's Bend Quilting](#) workshop and [Strung Together Music Campout](#). Come and see who we are, what we do and spend a day at one of the most beautiful places on the planet! All ages are welcome but I'm afraid we have to ask you to **please leave your pets at home**.
