

September Abundance!

Bulk orders now available!

Reserve your winter supply of potatoes, winter squash, onions, garlic, carrots, beets and cabbage!

We are busy with the business of September and her bounty.

We welcomed a new calf to the bovine herd last month and we expect another batch of piglets sometime in the next couple of weeks. The shift in weather has us thinking about all there is to do before the snow decides to show up.

Wild Miller Farm store is open daily, dawn to dusk. Beautiful, local food available for you every day. :)

Be in touch if you want to reserve any of the following in bulk for your fall/ winter food. We can do a more wholesale price for bulk orders.

Farm Stand Credit

For an investment of \$100 we will add 10%. \$110 worth of credit is good to be used up at your own pace for whatever is seasonally available in the farm stand. We keep track of account balances and send out monthly update emails. You can

add to your account in increments of \$100 at any time. Any unused funds in your account at the end of the growing season will still be good for use through the winter and into the next summer as our farm stand stays open all winter long.

Sending thoughts for health and wellness for you and your loved ones.
