Creative Learning and Performance, Inc. Receives Grant to Reopen The Playhouse

BELFAST – Creative Learning & Performance (CLAP!) has received a \$2,000 grant from the Maine Theater Fund of the Maine Community Foundation to reoccupy, reopen, and begin programs again at The Playhouse by meeting CDC guidelines and protocols for theaters.

The grant has enabled CLAP! to seek consultation and purchase equipment needed to improve the air flow and filtration at The Playhouse on Church Street in Belfast. The goal is to allow the reopening and resumption of programs.

The Playhouse was established in 1994 and has been producing comedies and providing theater experiences and education to children and teens until forced to close in March of 2020. We expect to reopen this spring as the situation allows. The non-profit CLAP! was founded in 2008 to support the theater programs and productions at The Playhouse.

We thank the Maine Community Foundation and the Maine Theater Fund for the continued support of The Playhouse and encouragement for our plans and programs we offer. For more information: [*clapbelfast@gmail.com*](mailto:clapbelfast@gmail.com).
