Scholarship Opportunities offered by Bel Air United Methodist Church

Bel Air United Methodist Church offers two scholarship opportunities. One is for high school seniors who will graduate in Spring 2022. The second is for individuals who are seeking education after high school, but are not 2022 graduating seniors.

Applications for each scholarship will be available in early January. Watch for announcements in the e-Spire that scholarship applications are available.

BAUMC Church Pay It Forward Scholarship

The "Pay It Forward Scholarship Endowment" provides funding for individuals seeking education beyond high school. This includes traditional higher education, trade school, apprenticeships, or job training /retraining /certifications. Applicants may be:

- high school graduates;
- GED completers;
- individuals currently in the workforce;
- unemployed individuals.

While the items listed below are not requirements, preference is given to:

- Individuals attending Bel Air United Methodist Church.
- Individuals unable to continue schooling without financial assistance.
- Individuals committed to attending a local community college, trade school or apprenticeship program.

Applicants do not have to have stellar academic records, but must demonstrate a determination to attain further education/training.

The Pay It Forward Scholarship is a renewable scholarship. Successful applicant(s) are encouraged to apply for renewal and must show evidence of successful progress in working to complete his/her program.

Recipients of the scholarship are encouraged to financially support the program once established in their careers.

BAUMC Church Involvement Scholarship (for graduating high school seniors)

The Bel Air United Methodist Church Involvement College Scholarship is offered to high school seniors who are members of the church and who will be entering the first year of college in Fall 2022. Scholarship applications are reviewed and evaluated on three criteria – academic achievement, community and church involvement, and letters of recommendation. This scholarship award began in 1980 through a gift from Ben and Rachel Tobin; donations from members and friends of BAUMC fund the scholarships awarded each spring.

CREATION CARE NEWS:

UM Bishops Pledge to Address Climate Crisis

In an article written by Heather Hahn of UM News (Nov. 10, 2021), "...the bishops approved five responses to the climate crisis that is increasing the severity of natural disasters around the world and contributing to record global migration."

The bishops pledged to:

- Encourage and support action on climate change at the annual conference level, including support for moving toward net-zero greenhouse gas emissions.
- Review the Council of Bishops 2009 document *"God's Renewed Creation"* (<http://hopeandaction.org/main/take-action/>) to determine how to best address the intersection of climate change, poverty, racism and colonialism.
- Encourage the use of the **United Methodist Board of Church and Society website** (<https://www.umcjustice.org/what-you-can-do/advocacy/take-action/tell-congress-to-make-climate-justice-a-priority>) to sign onto letters related to climate justice.
- Join the denomination's 13 general agencies' pledge **to achieve net-zero greenhouse gas emissions by 2050 across ministries, facilities, operations and investments.** (<https://www.umnews.org/en/news/agencies-set-greenhouse-gas-emissions-goal>)

Reaffirm the denomination's **Social Principle on Global Climate Stewardship** (<https://www.umcjustice.org/who-we-are/social-principles-and-resolutions/the-natural-world-160/the-natural-world-global-climate-stewardship-160-d>) as an ongoing commitment. The Social Principle, approved by General Conference, supports government efforts to mandate reductions in greenhouse gas emissions.

The bishops' pledge described climate change "as an existential crisis the Church cannot ignore." <https://www.umnews.org/en/news/bishops-take-on-climate-finance-vaccines>

Furthermore, **the Baltimore-Washington Conference recently established two new resolutions in favor of Creation Care.**

- Creating A Green Baltimore-Washington Conference
- Maryland Environmental Human Rights Amendment

Please see the link for the details of each resolution that commits to "...save all of God's creation, including the children of God around the planet who are most in danger of results of climate change."

JANUARY / FEBRUARY 2022

THE TOY WORKSHOP WAS HAPPY TO BE BACK AGAIN THIS YEAR.

Thank you to all who donated, helped at the workshop and delivered the toys. We served 88 adopt-a-child children, many schools, 2 Head Start programs, Social Services, the 2 Judy Centers, Sarc, Harford County Infants and Toddler, Tiny Tots adopt-a-child, a church in Churchville and Extreme Outreach in Edgewood. Your toys and gifts helped give toys to the children and were a blessing to parents, teachers and others who are trying to share the joy at Christmas.

THE TOY WORKSHOP WAS STILL ACTIVE IN 2020

- * We sent toys to a Baltimore church in a very needy area -- and later sent boxes of books. The pastor of this church is Donna Browning's brother-in-law and her sister is very active there.
- * In a foster care program in Baltimore, Katherine (Ziegler) Heinz made up a box for each child and delivered them just as all was to shut down last year.. Toys were safe because they were in the pod or in our homes. The plan was to save the foster care parents from having to spend their money or being exposed to COVID, and to give the children some extra activities during the shutdown.
- * Books were given to schools/teachers who needed books on certain levels.
- * A high school Red Cross Club at Eastern Neck High used our small book and stuffed animals to add to the making of 120 Comfort Kits to be given out when needed. The club/kits were organized by Amy Heinz and were recently sent to Afghanistan.
- * Toys were given to foster care children when they were in the hospital.

NEWS ABOUT THE HOMESTEAD

We want to thank everyone who attended, either in-person in the Sanctuary or via Zoom, the informational meeting held on Tuesday, November 30, 2021 regarding the proposed sale of The Homestead property. The purpose of this update is to summarize some of the information presented and discussed at that meeting, and to give everyone the opportunity to continue to consider and pray about this important decision.

On May 10, 2021, The Homestead Sub-Committee presented three primary options to the Board of Trustees, as follows:

- Option A – Sell property in two separate transactions, as four apportioned lots and The Homestead. This requires some development costs, which could be offset by the anticipated revenue.
- Option B – Demolish The Homestead and retain all land currently owned. This would be negative revenue due to the costs of demolition.
- Option C – A hybrid version that sells the four apportioned lots and uses the revenue to demolish The Homestead and retain the remaining land.

The Board of Trustees approved and forwarded the recommendation for Option A, to sell four unfinished lots to a builder/developer and then sell The Homestead house and remaining property as a family dwelling. This recommended Option A was in turn approved by the Administrative Council on May 24, 2021. Please refer to the Site Development Plan (developed by Frederick Ward Associates) to see the existing boundary and the proposed property lines.

Click <https://bit.ly/HomesteadSiteDevPlan> for the pdf file.

Following these approvals, both the District Superintendent and the District Board on Church Locations and Buildings were informed of this proposed sale of church property. The next step was to prepare a report to the District Board that addressed these questions:

- Why Bel Air United Methodist Church seeks to sell The Homestead building and property.
- What Bel Air United Methodist Church plans to do with the proceeds of the sale.

The current condition of The Homestead does not allow for its continued use, and significant investment would be required to mitigate its decline and make the property safe and usable. The proposed sale of the house and apportioning some of the property into residential lots would allow the church to retain a land buffer and parking. It would also allow The Homestead to be retained as an iconic property in the Town of Bel Air. The impact on the church would be to end the oversight and maintenance of this property that is not serving the church's ministries and to provide needed funds for capital improvements. The Board of Trustees have identified some of these pending capital projects: additional and improved storage and operational space for the Food Ministry program, replacement of roofing over the Sanctuary and the administrative wing, replacement of carpeting in both McComas Hall and the Sanctuary, and enhancement of the equipment used for worship experiences and livestreaming services.

We still do not have a confirmed date for holding the Church Conference to conduct the congregational vote on this motion: To approve Option A for the sale of four apportioned lots and the remaining Homestead property, in two separate transactions.

In the meantime, please take the time to review the Site Development Plan. Due to many questions asked at the informational meeting, additional information about our Champion Trees is also provided. <https://bit.ly/BAUMCChampTrees> Since the identification and mapping of these trees by Matthew Yamagata of Boy Scout Troop 777, we have unfortunately lost Tree #4, the Boxelder Maple Tree. Keeping The Homestead property on about 3 acres will protect the majority of the trees.

Finally, we have attempted to address many of the questions asked during the meeting. See the attached list of Frequently Asked Questions (FAQs). <https://bit.ly/FAQsHomestead>. We will continue to be available to discuss the pending sale of The Homestead and answer any additional questions that you may have. Please reach out to John Caspero at 410-236-1203 or jfcaspero3@gmail.com or Doug McCorkle at 410-937-6283 or doug.mccorkle@outlook.com.
