

# ASK the Expert

a dementia-focused  
educational  
series for  
caregivers

**Tuesday,  
March 26  
5:30 - 6:30 PM**

## topic

### Music and Dementia

## presented by

The Alzheimer's Association

**alzheimer's**   
**association®**

Music therapy products work synergistically for patients with Alzheimer's, dementia, and memory loss. We observe that music relieves the stress, anxiety, and depression that a patient may feel, while also reducing their agitation. Research has confirmed the benefits of providing people who have dementia with music they remember. Join us at our free program as we teach caregivers and families how to use music with those suffering from Alzheimer's and dementia.
