

Please join us for our Groundbreaking Ceremony

Construction begins this fall for Southside Regional Medical Center's **new free-standing emergency care center** due to open in 2018. The new facility will be situated near Interstate 95 in Colonial Heights on a 2.3 acre site on East Roslyn Court. Our patients will enjoy shorter wait times with an additional emergency location.

The new 12,100 square foot facility will provide 10 exam rooms, diagnostic imaging and laboratory services and will serve as a more convenient access point to meet the emergent needs of our community.
