Reducing
your worries about
breast and cervical
cancer
is as easy as...

one
get a free mammogram

two
get a free pap test

free

one two free

Call **1-866-395-4968** for a FREE Mammogram and Pap test.

Why do these tests provide peace of mind?

Out of every 1,000 mammograms, only one or two lead to a cancer diagnosis. In the case of Pap tests, only about six percent show abnormalities. The screening tests are quick, simple, and provide minimal discomfort. Your appointment also will include a free clinical breast and pelvic exam.

More important, if these tests lead to a cancer diagnosis, successful treatment can increase dramatically with early detection. Also, Medicaid may provide treatment free of charge.

With a little faith and today's advanced medical screening techniques, you can help prevent cancer from coming between you and those you love.

“ Life is too short not to make time for yourself to get screened. **”**

Who qualifies for free screening?

Screening is free if ALL of the following applies:

- Age 18-64*
- A resident of Virginia
- No insurance
- Yearly income falls within federal poverty guidelines

* Every Woman's Life can enroll women between the ages of 18-39 if you are experiencing breast and/or cervical symptoms.

How do you sign up?

Call 1-866-395-4968 to find Every Woman's Life screening center in your area.
