NYC OFFICE SPECIALIST

Serving New York's Premier Class A Office Tenants for 100 Years. The Par Group's Tenant Direct plumbing and HVAC services have been developed in conjunction with your building's management to ensure quality services. A key element to providing these services is knowledge of the systems and equipment installed. To collect the most up to date information we have or will shortly survey your space. The information collected will enable us to provide better informed service in the future.
