

Hello Metro Families,

This is a reminder that tuition payments are due June 1, 2020. Depending upon the payment plan you selected, you may need to initiate the payment. See further information below.

Lump Sum/Two Payment/Four Payment Option

If you selected the lump sum payment option, two payment option or the four payment option, you will need to initiate payment in Veracross. Please log into the Veracross Parent Portal. In the Veracross Parent Portal click on the box that says "Invoices" and then on the next screen, click on "Make a Payment." While you might have previously saved payment information in Veracross which you can use for your payment, your tuition payments will not be autodrafted. Please initiate payment by the June 1, 2020 due date.

Monthly Payment Options

If you chose one of the monthly payment options, your tuition payments will all be autodrafted. Please log into the Veracross Parent Portal. In the Veracross Parent Portal click on the box that says "Invoices" and then "Manage VCPay" on the next screen to make sure that you have payment information saved for your autodraft payments.

If you have already contacted the Business Office because you have been impacted by these unprecedented times and have already made alternate arrangements, those arrangements are still in effect. You do not need to contact the Business Office again at this time.

Thanks,

Metro Business Office
