- WAYFINDING ADA SIGNAGE
- PLAYGROUND EQUIPMENT

METRO GIVES X WALKATHON

FUNDRAISING GOAL: \$95,000

A small icon of a tree with a sun above it.

OUTDOOR SEATING AND UPGRADES

Enhancing our outdoor area is an important next step in increasing our abilities to provide students the opportunity to engage and learn beyond a classroom setting.

The outdoor spaces simultaneously create and promote a community area for our families to gather.

A small icon of a playground structure with a slide and a swing.

PLAYGROUND EQUIPMENT: METRO GIVES X WALKATHON

This initiative is a collaboration with the Elementary Walkathon. Continuing with the upgrades to our elementary playground will create an engaging, safe, and designed area to support student's physical, cognitive, and social development.

The new equipment replaces the existing equipment that is showing signs of age and usage.

A small icon of a directional sign with an arrow pointing right.

WAYFINDING ADA SIGNAGE

Creates an opportunity to communicate effectively the campus functions and messages wayfinding to students, staff, and guests.
