## PPG MVP VIRTUAL LEARNING SESSION

### PAINT BOOTH OPTIMIZATION

Is your paint booth over-loaded, do you have a bottleneck at your paint booth, do you think you need another paint booth? This session will guide you to answering these questions, and solving these problems. Topics will include, accurately defining booth cycle time, how to measure it, and steps to reduce the booth cycle time by focusing on the operations necessary to improve the overall optimization. Plus, learn best practices for effective and efficient use of your paint booth.
